

## Flat duct connector

## Flat duct connector with damper

### Application

- Supply and exhaust ventilation of various premises.
- Connection of same sized flat ducts.

### Design

- Made of white plastic.
- Designed for installation into air duct and equipped with a lock ring for easy jointing.
- Connecting sizes: 55x110, 55x220, 60x122, 60x204, 90x220 mm.

Code	Dimensions [mm]				
	a	b	a1	b1	c
515	56	110	59	114	66
616	55	220	60	225	62
717	60	122	65	126	69
818	60	204	65	209	62
919	90	220	95	225	62

### Application

- Supply and exhaust ventilation of various premises.
- Connection of same sized flat ducts.

### Design

- Made of white plastic.
- Designed for installation into air duct and equipped with a lock ring for easy jointing.
- Equipped with a backdraft damper for back flow prevention.
- Connecting sizes: 55x110, 60x122, 60x204, 90x220 mm.

Code	Dimensions [mm]				
	a	b	a1	b1	c
5151	56	110	59	114	66
7171	60	122	65	126	69
8181	60	204	65	209	62
9191	90	220	95	225	62
