

## Series **Boost EC**

Inline fans in a polymer casing

- Motor type: EC
- Impeller type: Mixed-flow
- Casing material: Plastic

| Lineup   | Connected air duct size, mm | Rated power, W | Maximum airflow, m <sup>3</sup> /h |
|--|-----------------------------|----------------|------------------------------------|
|  Boost 150 EC   | 150                         | 54             | 700                                |
|  Boost 200 EC   | 200                         | 121            | 1250                               |
|  Boost 250 EC   | 250                         | 168            | 1800                               |
|  Boost 315 EC S | 315                         | 353            | 3250                               |
|  Boost 355 EC   | 355                         | 353            | 3685                               |
|  Boost 355 EC S | 355                         | 701            | 4630                               |
|  Boost 400 EC   | 400                         | 726            | 5700                               |
